Cover Letter

Dear Hiring Manager,

I am writing to express my interest in the Performance Engineer position at Vestas. With a strong background in data analysis and a passion for deriving insights from large datasets, I am eager to contribute to Vestas' mission of sustainable energy solutions.

My doctoral studies have equipped me with advanced analytical skills and a deep understanding of statistical methods, both of which are essential for effectively extracting insights from complex datasets. The rigors of academic research have honed my ability to approach problems methodically, think critically, and develop innovative solutions — skills that I am eager to apply to real-world challenges at Vestas.

I am particularly drawn to Vestas' commitment to innovation and sustainability. I am excited about the opportunity to apply my academic background and practical expertise in data analysis to contribute to the advancement of renewable energy solutions. I am confident that my analytical skills and dedication to delivering high-quality results align well with the needs of Vestas.

Thank you for considering my application. I look forward to the possibility of discussing how my background and skills can contribute to the success of Vestas. Please feel free to contact me at +49 176 661 899 68 or career@jschwarz.me to schedule a discussion.

Sincerely,

Joschka Schwarz
